

LAGIOIASTUCCHI
DECORAZIONI IN GESSO
■■■■■■■■

by
VITO LAGIOIA

Il gesso è un materiale naturale ed ecologico che grazie alla sua versatilità, praticità e resistenza si impone come uno dei materiali più usati nell'edilizia.

Negli anni '70 Vito Lagioia trasforma la propria passione in una nuova attività d'impresa. Fantasia, professionalità ed esperienza rendono ben presto l'azienda leader a livello regionale, in grado di realizzare qualsiasi opera si prospetti.

Negli anni '80 sono i figli a dare un'impronta manageriale all'azienda, facendola crescere ulteriormente anche a livello nazionale. Con la nascita di Lagioia Vito snc viene segnato un nuovo percorso, clienti e opere realizzate testimoniano l'alta specializzazione del personale e la capacità di far fronte a qualsiasi opera di restauro e di realizzazione su disegno e progetto.

Nel 2008, nell'era di Internet, L.V. Stucchi srl caratterizza la fusione delle nuove tecnologie con l'anima artigiana, la sapienza e l'esperienza di 30 anni di lavoro.

Oggi l'azienda produce, vende, installa e restaura stucchi decorativi in gesso, cemento e gessi speciali ideali anche per applicazioni all'esterno.

Plaster is a natural and ecological material. Thanks to its versatility, handiness, and resistance, it is one of the most used materials in its trade. During the 1970's Vito Lagioia transformed his passion into a working trade. Fantasy, professionalism, and experience helped the company become well known in the region. The company was able to do any type of work that it was asked to do.

In the 1980's, Vito Lagioia's sons gave a hand in expanding the company with managerial power thus helping the company's reputation become nationally known. With the birth of Lagioia Vito snc a new path is laid out for the company. Satisfied clients and jobs well finished have demonstrated the high quality work completed by our experienced employees. They also demonstrate our ability to bring forth any restoration job, designs, and projects.

In 2008, which is known as the internet era, L.V. Stucchi srl portrayed the fusion between new technologies and hand-crafted work with a 30 year background full of experience.

Today the company produces, sells, installs, and restores decorative plaster, cement, and special plasters for internal and external works as well.

RESTAURI

In questa sezione del catalogo riportiamo alcune esempi di restauri da noi effettuati, sia su cantieri totalmente distrutti, dove quindi bisognava creare gli stucchi basandosi solo su vecchie foto o disegni, come il Teatro Umberto I (Bitonto - Ba), che su cantieri dove gli stucchi erano in parte distrutti e quindi si trattava di riprenderli e riportarli dove mancavano come il Teatro Margherita e il Teatro Petruzzelli (Bari).

PER ESTERNO

Per l'esterno abbiamo studiato un nuovo composto idrorepellente a base di gesso Alfa (**GSP gesso speciale per esterno**) che garantisce una elevata resistenza agli agenti atmosferici e che con l'applicazione di pitture specifiche per esterno può resistere anche agli agenti atmosferici più aggressivi quali la pioggia battente, dando al manufatto una resistenza pressoché illimitata paragonabile ad un manufatto realizzato in cemento, con un peso specifico inferiore di circa il 40% consente una maggiore rapidità e facilità di applicazione.

RESTORATIONS

In this section of the catalogue we illustrate a few examples of restorations of construction sites, some of which were completely destroyed, such as the Umberto the 1st theatre of Bitonto, where in order to create the stuccos, we utilized old photos or drawings specifically for the sites where the stuccos were partially destroyed. Then we them took these stuccos and returned them to their original place. Some examples are the Petruzzelli Theater and The Margherita Theater as well.

FOR EXTERIOR

*For the exterior we have studied a new water-repellent compound of plaster Alfa (**SEP special exterior plaster**) that provides high resistance to bad weather and that, with the application of specific paints for outside, can withstand the most aggressive bad weather such as driving rain, giving the product a nearly unlimited strength comparable to a product made of cement, but with specific weight less than about 40% and which therefore enables higher quickness and easiness of application.*

Manufatti in gesso

PLASTER MANUFACTURED

Oltre agli articoli illustrati nel catalogo, la nostra azienda realizza i seguenti articoli:
Rasostucco disponibile da kg. 1/5/20 ottimo per rasare e per l'applicazione degli stucchi alla parete;
Pannelli di gesso per controsoffitti di m. 1,50 x 0,67.

Realizziamo inoltre su richiesta qualsiasi opera o manufatto in cemento, gesso speciale per esterno e resina acrilica.

*In addition to the items shown in the catalog, our company manufactures the following products:
Smoothing stucco available in packages of 1/5/20kg, very good to smooth and for the application of stucco to the wall;
Plasterboard ceiling of m 1,50 x 0,67.*

We make moreover, any work or manufactured article on request, even made of cement, plaster for outside and acrylic resins.

Un sincero ringraziamento ai nostri affezionati clienti che, con le loro continue richieste, ci hanno portato alla ricerca di nuovi articoli, finalmente integrati in questo catalogo. Tra questi citiamo diversi in stile etnico tanto di moda in questo periodo.

A sincere thanks to our loyal customers who, with their constant demands, have led us to search for new products finally integrated in the catalog. These include various ethnic style articles, so fashionable in this period.

L.V. Stucchi rispetta l'ambiente usando solo vernici e resine acriliche.

L.V. Stucchi is environmentally friendly, using only acrylic paints and resins.

Le misure degli articoli riportate nel presente catalogo sono puramente indicative e non costituiscono impegno determinante per la ditta costruttrice, la quale si riserva il diritto di cambiare o apportare modifiche atte a migliorare il prodotto a suo insindacabile giudizio.

The sizes of the items in this catalogue are purely indicative and not binding for the manufacturer who reserves the right to change or improve the product at his own unquestionable judgement.
